QUALITY

This is one of our pillars. At Industrias Químicas Iris, we maintain exceptional standards as a result of the work of our R+D+i laboratory and exhaustive quality control.

We carefully observe each process; during manufacturing and even in the selection of raw materials. All this makes us holders of the quality certificates UNE-EN ISO 9001 and UNE-EN ISO 14001 (Environmental Management) from AENOR.

PRODUCT

Industrias Químicas Iris, S.A., has an extensive product range which is divided into three main ranges:

- **ColorWind-Epoxi EPOWIND:** Formulated with epoxy resins with excellent chemical and corrosion resistance. Product intended for interior use.
- **ColorWind-Hybrid WINDPOX:** Combination of epoxy and polyester resins with good mechanical properties and improved anti-yellowing properties due to temperatures.
- **ColorWind-Polyester WINDPOL:** Formulated with polyester resins (TGIC-free). This product family offers high resistance to corrosion and UV radiation from sunlight and is therefore highly recommended for outdoor use.

These three main groups are available in special finishes:

- **ANTI GRAFITI**
- **METALLIZED**
- **TEXTURISED**
- **GOFRADOS**
- **BASE COATINGS FOR SUBLIMATION, etc.**

In addition, thanks to the work of our technicians, we have two new options available:

- **SUPER DURABLE RESINS**
- **ZINC-FREE**
- **ANTI-CORROSIVE UPGRADE**
- **ANTI-BACTERIAL**

ADVANTAGES

Committed to the planet, our goal is to deliver sustainable and innovative products and solutions such as:

- **LARGE CHOICE OF COLOURS AND EFFECTS**
- **USES ON DIFFERENT SUBSTRATES: METAL, MDF, WOOD, GLASS.**
- **FLEXIBILITY AND RESISTANCE**
- **EFFICIENT USE OF ENERGY**
- **COST REDUCTION**
- **HIGH PROTECTION**
- **SUSTAINABILITY**
- **ECOLOGY**
